

## Our Mission Statement

*“The Always Food Safe Company LLC enables and champions the Foodservice industry to deliver the highest standards of food safety across America.”*

Our mission is to serve the Foodservice industry with food safety training where we are;

- ✓ **Always putting the learner first**
- ✓ **Always building expertise and passion for supporting the Foodservice industry**
- ✓ **Always taking pride in contributing to a healthier America**
- ✓ **Always nurturing a progressive, empowering and enjoyable work environment**

### **The Learner Comes First**

Our over-riding mission is to continuously educate the Foodservice industry allowing every single learner the opportunity to increase their knowledge, understanding and implementation of food safety practices, which in turn makes them proud to keep American diners healthy and safe.

Our learning materials, virtual learning environment, and communication systems are all designed to enable the most informative, accessible and enjoyable learning experience possible. Ensuring that this process is robust and memorable, directly improves the translation of learning into daily on-the-job application.

We match learning outcomes with the realities of ‘real-life’ situations that a learner experiences in a foodservice establishment on a day-to-day basis.

### **Expertise and passion for supporting the Foodservice industry**

We have a long history of working within this dynamic marketplace and our target is to be the Number One choice for education to this industry - the preferred supplier of Food Safety training to the American Foodservice suppliers nationwide.

We are committed to work closely with every learner and every business. Our success is linked to their continued growth and support. We aim to support and share our expertise and knowledge beyond our courses and the certification, with frequent updates and information, becoming a proactive ally and knowledge-giver to anyone involved in keeping American diners’ food safe.

We pride ourselves in being the foodservice industry champion; translating legal requirements into understandable, practical and easy to implement learning material.
